

# THE TRUSTED HOSPITAL GRADE DISINFECTANT

## HALYARD ISOWIPE\* Bactericidal Wipes

### TRUSTED PROTECTION

FOR SURFACES & PATIENTS

SO YOU CAN CARE WITH CONFIDENCE

Staff, sick patients, visitors and contaminated objects are common sources of infection. Microorganisms are deposited on surfaces via aerosol droplets from coughing, sneezing and contaminated humidifiers, or by touch transfer from contaminated hands, clothing and instruments. These contaminated surfaces can harbour bacteria and viruses that may be transferred to patients and equipment, potentially causing infection in susceptible individuals. Maintaining a clean and safe environment is essential to infection prevention and is integral to patient safety. Cleaning is an essential prerequisite to disinfection. Thorough cleaning will ensure that microorganisms are largely removed, together with the organic material on which they thrive<sup>1</sup>.

### OUR SOLUTION IS HALYARD ISOWIPE\* BACTERICIDAL WIPES

Containing 70% Isopropyl Alcohol, ISOWIPE\* Bactericidal Wipes are a TGA-listed hospital grade disinfectant that offers disinfection of clean surfaces, in a convenient wet wipe that doesn't require dilution. The canister pack provides a portable disinfection solution. The foil seal helps to maintain the integrity of the formula during transportation and storage. The dispensing slot at the top of the canister reduces the evaporative effect of the alcohol and controls dispensing. The single-use format also helps prevent cross-contamination.

### APPLICATIONS

- Stainless steel
- Hard surfaces & benchtops
- Trolleys & door handles
- Office phones & desks
- Keyboards & mice
- Handrails & bedrails

### DEPARTMENTS

- Hospitals & Wards
- Accident & Emergency

Hygienic, helps prevent cross-contamination
- ✓ **FOIL SEAL**  
Maintains formula integrity during transportation & storage
- ✓ **SPECIALLY DESIGNED DISPENSING SLOT**  
Controls dispensing, minimises dry out / evaporative effect of alcohol

## DISPENSING

ISOWIPE\* minis Bactericidal Wipes have double the sheet count compared to ISOWIPE\* Bactericidal Wipes, and are packaged in the same size canister. For easy and economical dispensing, both canisters fit the custom stainless steel wall bracket available. Both ISOWIPE\* and ISOWIPE\* minis Bactericidal Wipes are available in soft refill packs for a more cost effective and environmentally friendly option – simply slot them straight into the canister.
